**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Even though I access through the internet through AT&T, it is important to me for there to be competition among different providers. Competition keeps costs down and gives citizens more choices. In my experience, locally-owned internet providers also offer better customer service and care far more about the local community than the big companies do.
